### 2. Reason

In light of the fact that the business results for the current fiscal year (please refer to the "Report of Consolidated Financial Results For the Year ended March 31, 2025" released today) significantly exceeded its initial forecast, the Company have decided to pay a year-end dividend of 25 yen per share for the current fiscal year, an increase of 2 yen from the latest forecast. As a result, the dividend payout ratio for the current fiscal year will be 19.0%.

During the period of its medium-term management plan "Forward 25" (FY2023-FY2025), the Company intends to actively invest in the creation and expansion of growth businesses related to decarbonization, resource circulation, water, and life science. Based on this policy, the Company intends to continuously and stably distribute dividends, while working to strengthen financial position and the management base through growth investment, R&D investment and capital investment in order to enhance the long term shareholder's value.
